A Historic Event Warrants a Historic Destination Cambridge Beaches Delivers an Illustrious Wedding Experience

(Bermuda – April 2007) Cambridge Beaches, Bermuda is world-renowned as a romantic destination. For over 300 years, couples have enjoyed romantic rendezvous', celebrated anniversaries, and made history as they became husband and wife. Today, these traditions continue albeit a bit fancier, but the sparkling turquoise waters, 30-acres and five private beaches remain the same – welcoming and naturally meditative.

Making history is easy at Cambridge Beaches as Nadja Talevi, the on-site “wedding concierge” a.k.a. “Fairy Godmother” will ensure only one wedding per day. Additionally, she utilizes personal touches, individual styles, plans sumptuous fares, and assists families with family traditions, to create the ultimate celebration of love. The *Wedding Day Delight* package is available year-round and package prices vary according to the season, as will the amenities. The package includes; the on-site “wedding concierge”, a bottle of fine champagne, and chocolate-covered strawberries upon arrival, as well as a suite on a choice of seaside locations, a private candlelight beachside dinner, a candlelight couples massage at Ocean Spa, a delicious wedding cake, a bridal bouquet, and a wedding toast given by the minister. Continue the celebration as you both watch the sunrise next morning with breakfast in bed and later that evening, re-energize with a sunset kayak tour. Talevi will also ensure all island requirements are met; witnesses, a marriage license, a minister, plus a professional wedding photographer to capture all of the special moments you both will look back upon in years to come. Package prices start at U.S. \$11,595 (4/16-10/31/07) for the ultra-posh pool suites with a private plunge pool overlooking the beaches and coves of the Atlantic Ocean while water view, deluxe, and deluxe- premium suites-cottages are also available.

“It’s very exciting to help shape a bride and groom’s wedding day, as this is history in the making. What I relish is walking a couple around the resort helping them choose the perfect place to host their wedding day,” stated Talevi. “Luckily, we offer not one but four private beaches, secret coves, a meditation or labyrinth garden, and, of course, the new, multi-tiered, infinity- edged swimming pool with private-sun decks overlooking Mangrove Bay which is the latest in wedding location offerings. My gift to each bride is to offer a copulation of wedding wisdoms, and unique ways to create an historically memorable wedding day,” added Talevi.
